ENGINE DRIVES

Engine drives are available in gas, diesel or LPG models. Commercial and industrial engine driven welders provide stick, TIG and wire welding in even the most extreme environments. Combine DC welding with AC generator power for lights, grinders and other tools. Machines with undercarriages are available upon request.

ENVIRONMENTAL SAFETY

Spill Containment Solutions

We offer a portable Spill Containment System that travels easily to collect oil and fuel in the event of a catastrophic break down (such as oil pan rupture and water hose break). A plug on the cart allows for fluids to be easily disposed of in compliance with EPA's SPCC Guidance.

Just ask when you place your rental order!

EPA COMPLIANCE

Spill Prevention and Clean-Up

Avoid costly fines and fees from a comprehensive line of Absorbency and Containment Products that ensure on-site compliance with EPA standards.

EQUIPMENT RENTAL: A Green Alternative

A research study by the EPA has identified equipment rental as a "specific use practice" that lowers the total carbon footprint.

Depending on specific user practice, the EPA estimates that the use of rental equipment can represent significant reductions, in the range of 30 percent and sometimes over 50 percent.

WE CAN HELP YOU CHOOSE GREEN SOLUTIONS!

- Fuel economy
- Lower emissions
- Lower noise levels
- Odor filtration
- Fume extraction
