### Important Notice

**Product Use:** Please remember that many factors beyond 3M's or seller's control can affect the use and performance of a 3M product in a particular application, including the conditions under which the product is used and the time and environmental conditions in which the product is expected to perform. Because these factors are uniquely within the user's knowledge and control, it is essential that the user evaluate the 3M product to determine whether it is fit for a particular purpose and suitable for user's method of application.

**Limitation of Liability:** Except where prohibited by law, 3M and seller will not be liable for any loss or damage arising from the 3M product, whether direct, indirect, special, incidental, or consequential, regardless of the legal theory asserted, including warranty, contract, negligence, or strict liability. The trademarks used in connection with the 3M products shown above are the property of 3M company.

**IMPORTANT:** 3M products shown in this brochure must be used in accordance with OSHA regulations and the user instructions, warnings, and limitations accompanying each product.
