Introducing the NEW Victor Edge Series Industrial Regulators

EDGE SERIES

VICTOR®
Professional

GET THE EDGE - THE VICTOR PROFESSIONAL EDGE

Victor has been the leader in gas equipment since their humble beginnings. They were founded on the principle of offering the safest, most reliable and highest quality gas equipment in the business. With the Victor Professional Edge Series regulator, Victor has breathed new life into gas control technology, giving you more value for your purchase.

UNSURPASSED SAFETY

- Highest resistance to Oxygen-related fires in the industry
- Passes the stringent ASTM G-175 promoted ignition test
- Passes all CGA E-4 compliance testing, including the Heated Oxygen Impact Test, and meets or exceeds all requirements of UL 252
- Fault tolerant in the event of an inboard ignition source in oxygen use
- Unsurpassed resistance to oxygen combustive contamination

USER FRIENDLY

The Victor Professional Edge Series regulator is the most user friendly regulator on the market today.

- A more natural and safer hand/body position while adjusting delivery pressure
- Gauges feature high contrast graphics for a quick read
- Color-Coded knobs for at-a-glance gas identification

ADVANCED DESIGN

The Victor Professional Edge Series regulator is the most advanced regulator design introduced to the market in 100 years.

- Smallest, lightest and most compact heavy duty industrial regulator on the market today
- The unique configuration protects all elements critical to system integrity

OUTSTANDING FLOW CONTROL

It's easy for a regulator to maintain good flow performance when inlet pressures are high, but cylinder pressure decay is inevitable. A regulator needs to perform well across the entire range of cylinder pressures. This is where the Victor Professional Edge Series regulator outperforms the competition.

Series	Type*	Capacity**	Pressure (psig)	CGA	Model Number	Part Number
EDGE	SS	4	125	540	ESS4-125-540	0781-5127
EDGE	SS	4	15	510	ESS4-15-510	0781-5132
EDGE	SS	4	15	300	ESS4-15-300	0781-5133
EDGE	SS	4	40	510	ESS4-40-510LP	0781-5135
EDGE	SS	4	125	510	ESS4-125-510LP	0781-5136
EDGE	SS	4	125	580	ESS4-125-580	0781-5143
EDGE	SS	4	200	580	ESS4-200-580	0781-5144

*Type: SS-Single Stage Side Inlet, TS-Two Stage Side Inlet **Capacity: 4-Heavy Capacity, 2-Medium Capacity

**CENTRAL
WELDING SUPPLY**

Central Welding Supply Company
Locally owned and operated since 1975...

**13 Locations in the
Puget Sound Area!**

ANACORTES, WA
Coming Fall 2009!

BELLINGHAM, WA
4282 Pacific Hwy.
Bellingham, WA 98226
