SPILL CONTAINMENT

Foldable mini berms are compact and easy to store but deploys in a moment's notice to respond to a spill.

Applications include: Capturing leaks under trucks and other vehicles on site; Storage pad for equipment or liquid containers, cans or drums; Containment for fuel transfers from tank to truck; Maintenance or repairs done on equipment in the field; Spill containment for batteries, compressors and small drums.

- Foam sidewalls provide support but can be driven over or stepped on for easier equipment or vehicle placement.
- Heavy-duty PVC construction provides excellent chemical compatibility.

Portable Berms
